Important Notice

This website is operated for informational and marketing purposes by Trust Invest Real Estate Corp, a Florida real estate brokerage. By using www.trustinvestrealestate.com, you acknowledge that website content is general information and is not a substitute for individualized real estate, legal, tax, financial, insurance, engineering, inspection, or other professional advice.

1. Real Estate Information

Property descriptions, prices, availability, square footage, measurements, photographs, floor plans, features, taxes, association information, school information, market statistics, projections, and other real estate information may be obtained from sellers, developers, public records, multiple listing services, third-party data providers, or other sources believed to be reliable. Information may change without notice and should be independently verified before a user relies upon it or enters into a transaction.

2. No Offer, Contract, or Guarantee

Nothing on this website constitutes an offer, acceptance, contract, guarantee of availability, guarantee of investment performance, or representation that any property is suitable for a particular person or purpose. A real estate transaction is governed by the final written agreements signed by the parties and applicable law.

3. Brokerage Relationships

Use of this website, submission of an inquiry, or communication through a website form does not by itself create a brokerage relationship, fiduciary relationship, or representation agreement. In Florida, real estate licensees are presumed to operate as transaction brokers unless a single-agent relationship or no-brokerage relationship is established as provided by applicable law. Any required brokerage disclosures or agreements will be provided in connection with the applicable transaction.

4. Equal Housing Opportunity

Trust Invest Real Estate Corp supports equal housing opportunity and provides real estate services without unlawful discrimination. Housing opportunities and professional services are offered in accordance with applicable federal, state, and local fair housing laws.

5. IDX, MLS, Developer and Third-Party Information

Listings or data displayed on this website may include information supplied by an MLS, IDX feed, developers, builders, property owners, public records, or other third parties. Such information may contain errors, omissions, delays, or changes. Users should verify material information directly through appropriate professionals, records, associations, municipalities, developers, or other authoritative sources.

6. New Construction and Developer Projects

Renderings, plans, amenities, finishes, views, completion dates, pricing, incentives, and other information concerning new construction or pre-construction projects are subject to change by the developer and should not be relied upon as final unless contained in the applicable developer's governing documents or executed contract. Trust Invest Real Estate Corp is not the developer unless expressly stated otherwise.

7. Market and Investment Information

Market commentary, comparable sales, estimated values, rental projections, return calculations, appreciation discussions, or other investment-related information are illustrative and do not guarantee future results. Real estate values, financing costs, insurance costs, taxes, rents, occupancy, regulations, and market conditions can change.

8. Legal, Tax, Financing and Insurance Matters

Trust Invest Real Estate Corp and its real estate licensees do not provide legal, tax, accounting, engineering, inspection, or insurance advice unless separately licensed to do so. Users should consult qualified professionals regarding those matters. Financing terms and loan approval are determined by independent lenders.

9. Third-Party Links and Services

This website may link to or integrate with third-party websites, applications, lenders, title companies, inspectors, insurance providers, vendors, or other services. Unless expressly stated, a link does not constitute a guarantee or endorsement. Third parties control their own content, privacy practices, availability, and services.

11. Website Availability and Technology

Although reasonable efforts may be made to maintain website availability and functionality, uninterrupted or error-free operation is not guaranteed. Features may be modified, suspended, or unavailable due to maintenance, third-party services, security issues, or other technical conditions.
